May 13th to 16th 2021

Morning Practice 9h30 – 12h00:

Conducted Style with a focus on finding Samasthiti in every pose. We will start slowly and go in deep, developing a common vocabulary and an understanding of basic alignment.

Protective actions (bandhas) will be taught to create stability, elongation and a healthy range of motion. The objective is to learn a sustainable way, for a long lifetime of practice.

Day by day we will work our way further through the Ashtanga Yoga sequence.

The focus will be less on how far or how fast we go but rather on understanding the essential inner forms that are always present in every part of this great practice.

Knowing those essential inner forms you can find your way in any part of the practice, in any series, any style.

Afternoon Clinics 13h30 – 16h30:

We will start after our lunch break with an opportunity for questions and answers, and time to digest our lunch and to investigate what we learned in the morning. Challenges observed in the Morning Practice will be opened up and explored in a way not possible in a regularly paced class.

Bring your questions, an open mind and a willingness to look at this great practice in a new way.
